Sir,

Subject - Providing a drinking Water Well to the Adidravida (in cheluvadikere) in Kumsi Town- Estimated Cost Rs 1,700/-
Grant from Government
==

I have the honour to state that the question of providing a drinking Water-Well to the Adidravida residents in Kumsi Town was considered at the Kumsi Sub Taluk Depressed Class Committee meeting held on 9-1-46 and a resolution was passed to the effect that the Deputy Commissioner might be requested to make arrangements to have a well sunk from out of the R R D Grant

Thereafter an estimate for Rs 1,700/- was got prepared for the purpose from the Executive Engineer, Shimoga Division

The question of taking up the work was considered by the Municip Council Kumsi at its meeting held on 31-5-46, when a resolution was passed to the effect that in view of the ~~shortened~~ finances of the Municipality, Government be requested to sanction a special grant equal to the estimated cost of the work vide resolution copy enclosed for favour of reference

I write to state that the proposed well is to be sunk within the limits of the Municipality In view of this, ~~and~~ also ~~of~~ the cost cannot be met out of R R D Funds I am satisfied however that a well for the use of the Adidravida Residents in Kumsi Town is quite necessary The municipality is a poor one and quite unable to meet the cost from its own resources and I request that orders of Government may kindly be obtained to sanction a grant of Rs 1,700/- (being the entire estimated cost) from out of the current year's 46-47, Water Supply Grants to be distributed among the several Town and Minor Municipalities in the State

I further request that the Establishment Tools and Plant Charges due at 12½ % on the said work, may kindly be ordered to be waived in

P T O

in view of the fact that the entire cost of the work to be borne by Government

The connected estimate and records accompany for favour of reference

I have the honour to be,
Sir,
Your most obedient servant,

for Deputy Commissioner
Shimoga District
(Absent from Head quarters)
